MEADOWOOD HOMEOWNERS ASSOCIATION

HOMEOWNERS GUIDE

It is our pleasure to welcome you as a new resident of Meadowood. The family setting, great location, landscaped entranceway and manicured landscaping along Darrow Road, on-site tot-lot and active neighborhood committees all contribute towards a quality living environment.

The attached Meadowood Subdivision Constitution and By-Laws and the Declaration of Restrictions and Amendments are enclosed for each new Meadowood homeowner. Every Meadowood resident is a member of the Meadowood Homeowners' Association (MHA). The Constitution and By-Laws provide for Association management. The enclosed deed restrictions encumber all lots within the Meadowood Subdivision. These restrictions cover minimum dwelling size, architectural review, fence restrictions, landscape installation, street trees and front yard trees, mailboxes, above ground swimming pools, satellite dishes, tool sheds, boat, RV and camper storage, driveways and pets.

The purpose of the deed restrictions for the Meadowood Subdivision is to protect the rights of each resident and to maintain Meadowood as a high quality community. The Declaration of Covenants, Charges and Liens for the Meadowood Homeowners Association -our legal document that deals with assessment collection shall be kept on file with the MHA Secretary. It is available for review upon written request of any homeowner.

The Meadowood Homeowners' Association is self-managed by the trustees elected at the Annual Homeowners' Meeting each spring. Please keep this new resident packet for future reference. If you have any questions or concerns, please contact any of the current MHA trustees. Updated phone numbers for MHA trustees can be found in the most recent Association Newsletter.

It is the Associations' responsibility to regulate and maintain the landscaped entranceway and easements and insure compliance with the deed restrictions. The ultimate goal is the protection and enhancement of our properties.

The landscaped areas at the entrance of Meadowood and within the landscape easement and the cul-de-sacs within the development are maintained by the MHA. Maintenance includes grass mowing, fertilization, mulching, bed maintenance and pruning. An annual assessment of \$60.00 per lot is collected to cover this maintenance and the administration of the Association. The annual fee can be changed by the Board of Trustees of the Association after consideration of costs and future needs of the Association. Notice of such change would be given at the appropriate time. We, the Board of Trustees of the Meadowood Homeowners' Association, welcome you to the neighborhood.

SPECIFICS ABOUT FENCES

Before construction of any fence, the following procedure must be followed:

1. Fences must conform to Twinsburg city code for fencing (obtain from City Hall).
2. A drawing of the fence plan which contains all measurements and placement on property (in relation to the house and property lines), is to be created by the owner and or contractor.
3. Submit this drawing to any of the MHA trustees for approval and signature. You will receive written acknowledgment in favor or denial of your request.
4. Submit the MHA approved plan to the Twinsburg Building Dept., at City Hall, for the building permit. All fencing requires a building permit. This is required by City of Twinsburg ordinance.

REQUIREMENTS SPECIFIC TO MEADOWOOD ARE AS FOLLOWS:

1. Fences must be 4 ft. in height. A request for no more than 40 feet of up to 6 ft. in height fence does comply with the city code, but requires a variance by the MHA Board of Trustees.
2. No chain-link or cyclone fencing is permitted anywhere within the Meadowood subdivision. Vinyl coated wire can be used with wooden split rail fencing, after obtaining a variance from the MHA Board.
3. All fence posts must be cemented in the ground and constructed of treated lumber.
4. Front yard fences are not permitted except where the fence is no more than 15 ft. from the front of the house and is parallel to the front of the house or to the front entrance walk. Variances to this requirement may be considered by the Board.
5. Tool sheds or any other storage structures, other than a garage attached to a dwelling, are not permitted on any subplot.

REVISION TO DECLARATION OF RESTRICTIONS

Paragraph 12 concerning satellite dishes has been superceded by federal law in that the federal law allows direct broadcast satellite dishes 39" or less in diameter. This has been permitted since Summer 1996. Therefore any MHA resident may put up a satellite dish without approval by the board if it is within these federal guidelines.
